

Dear Client,

Many thanks for your interest in our services.

You will find our booking contract attached along with a copy of our Terms & Conditions.

Please complete the booking contract and return it to us as soon as possible along with a signed copy of our Terms & Conditions to allow us to process your request. Also include any relevant information we may find useful to make your event unforgettable.

We always acknowledge receipt of your booking contract within seven days without exception. If you have not received confirmation within this period you should contact us immediately. Failure to do so could result in the date being offered to another client.

Regards,

*Party Kidz*

## Our Policy & Terms & Conditions

### POLICY

We are able to perform mobile roadshows or venue based entertainment to the highest possible standards.

We offer good quality roadshows and top grade presentation for both general roadshow hire & corporate work.

If you have not yet selected a venue for your function to be held we may be able to assist you with finding the right venue for your event.

All shows will carry wide range of music covering all eras, styles and tastes. If you have specific music requirements, please contact us to discuss them.

### TERMS & CONDITIONS

1. Any cancellations or notified changes must be made at least 28 days prior to the date of event. If you fail to cancel your booking before this date you will be charged the full fee.
2. Booking fees will not be refunded under any circumstances.
3. Paying a booking fee for your event or function is a 100% binding guarantee of contract.
4. Non payment of a booking fee could allow us to change our work schedule without prior notice.
5. The hirer is responsible for any damage to our equipment or vehicles caused by any person during your event. You will be charged for the full cost of any repairs and expenses incurred during the repair period. You will be advised of any damage as soon as it is caused and notified of the repair cost as soon as possible. (See section 8)
6. We do not tolerate violent, aggressive or abusive behaviour from anyone under any circumstances. We also reserve the right to terminate our services at any time that we feel our personal safety is under threat. We do not take responsibility for ejecting any unwanted persons from any venue. You will be advised of any problems that we may have in this respect with any of your guests.
7. In the event of fire, flooding, public disturbance, terrorist activity or any other threat to the public, we will not be responsible to help in any way or evacuate any venue or building where we are present and or working within, unless the fire regulations for the venue specify otherwise. This would usually incur a vocal announcement.
8. Failed payment of any fees owed within 30 days after the date of the event will result in legal action.
9. We need a minimum of one hour to enter a venue and set up prior to the start time and also a similar time allowance at the end of the night to pack up. This time can be reduced if access is good and we are familiar with the venue.
10. If you are booking other entertainment (e.g. Singer, comedian, band etc) as well as hiring ourselves, please consider the amount of space available and where you are going to put the disco. Speaker location is usually best if it is no greater than 10 metres either side from the position of the presenter.
11. We reserve the right to refuse to continue any event prior to the start should there be insufficient floor space which would not allow the audio and lighting equipment to be assembled safely.
12. We reserve the right to substitute alternative entertainment should uncontrollable circumstances dictate the need to do so.
13. We will not be responsible for any damage or loss to private or public property caused by invited or uninvited guests.
14. All roadshow equipment that is used is checked prior to arrival and has been fully tested for safety by a qualified electrical engineer. If we are linking our equipment within a fixed in-house audio system, we reserve the right to refuse to do so if the equipment is considered to be unsafe or liable to

cause damage to any component linked to it. The hirer is liable if post inspections prove that damage has been caused by faulty equipment other than ours. We offer a full PAT test facility to check venues prior to your function at an extra cost.

15. It is the responsibility of the hirer to make sure that there is an adequate provision of electrical power within ten metres of our set-up point. We require a minimum of 2 x 13amp outlets dedicated purely for our equipment (not in the form of an extension lead). Any damage caused to our equipment by an inadequate power supply or power interruption is the responsibility of the hirer; a site survey can be carried out at an additional cost. The hirer/client is fully responsible for any damage caused to the equipment by the use of noise limiters and the subsequent cut off and reintroduction of power without our consultation.
16. All bookings should be taken on the understanding that the venue is in possession of the necessary entertainment & liquor licenses. We are not responsible if the venue is found to be in breach of the terms of their license.
17. We reserve the right to alter any or all of the above at any time. E&OE.

## **Some questions we get asked on a regular basis.**

### **Q. Will you play song requests from our guests?**

A. Yes, but please understand that some songs will not be played if the presenter feels its incorrect for the type of environment and the type of event, for example we wouldn't play "Rage Against The Machine" at your Grandfathers 80'th birthday. The DJ is the one who will know what songs will work & what time it would be most appropriate to play them. The DJ is governed by his dance floor. If the DJ feels other people won't like or wouldn't perhaps dance to the song you have chosen it will either be played at a more appropriate time or not at all. We have to use our judgement to be able play to a crowd as whole & not just individual guests.

### **Q. When do we pay?**

A. Payment is required in the form of Cash to be handed to the DJ or a member of the event team at the start of the show. Advance payments can be accepted in form of a cheque, or banker's draught. Payment must be received on or before the day of the event. We do not work on a "buy now pay later" basis under any circumstances. Receipts & invoices can be supplied on request.

### **Q. I'd like you to go on a bit longer than we booked you for... what do we have to do?**

A. So long as the venue operators don't mind and will allow it, then this is not a problem. Please take into account bars & venues have liquor & entertainment licences with strict guidelines to work to. If there is no problem then just let the presenter or one of the event team know before the end (or near the end) of the event. Overtime will be charged at a fixed agreed rate per hour or part thereof. This does not include additional cost of room hire for the venue operators. Please understand if the venue is found to be in breach of licensing laws then we are not held responsible for their actions.

### **Q. How long does it take your crew to set-up and when do you need access to the building?**

A. The crew takes about 90 minutes to set up, this depends on the type of the event, the access to the building and of course other factors such as if there is more than one act on at the event. So we ask for access at least 1 hour before the start of the event or before your guests arrive. Extra time is sometimes needed for equipment & safety checks.

Please understand if you have a band or another artist as well as ourselves they will usually pack up & leave before a disco does so ideally we would like to be the 1st to set up as we are the last to leave

### **Q. How much do you normally charge?**

A. This depends on several factors. The date & time, the venue location, the amount of equipment we need to use, how many guests are coming and transport costs.

**Q How many "watts" is your sound system?**

A. Sadly this is something the HiFi world needs to get to grips with. People always seem to think bigger or more watts equals louder, this is not the case. Watts just means the sound will carry more clarity over a greater distance which isn't particularly needed in an enclosed space. We make sure our system is of a high quality to start with. For a pub or hotel room the number of "watts" is usually unimportant once you run over 200watts as the clarity will be there all the time if the equipment is set up right, if you are holding the event outdoors only then does it make any difference. We usually use around 400 watts for up to 150 people and will utilise additional amplifiers and speakers over this figure.

**Q. I've never arranged a party before... what would you suggest is best & what advice could you give me?**

If you haven't got far with your planning yet here are some basics pointers.

If it is a small party, a village hall or community centre may be better option than a pub. You also have to remember children are not allowed in many pubs so check when you book if children are allowed, especially if you are planning to invite families. Most pubs with separate function rooms will allow children and in some cases offer free room hire if they supply the catering. If you are local to us we can offer you a few suggestions.

For an evening event you need to plan it so that all the food and possibly speeches are out of the way by 10.30pm at the very latest. This will give you a balance of a quiet time to chat with old friends before and during the meal/buffet with plenty of time left to dance. Also make sure that your venue allows access for entertainment prior to the invited guests arriving. There is nothing more unprofessional than erecting equipment while your guests are arriving.
